Re: GSA 2002-2003 Budget Assumptions

Presented for your review and approval are the budget assumptions for the GSA 2002-2003 fiscal year. Per section 11.4.2 of the GSA Codes:

“On or before the second Forum meeting in Winter Quarter, the GSA President shall present the GSA Forum with the Budget Assumptions of the upcoming year's budget for review and approval”

Once approved, these assumptions will form the basis for the new budget. Line items and spending priorities will be determined by the GSA President in consultation with ASUCLA Student Support Services and the GSA Cabinet. Once the new budget has received the approval of the GSA Cabinet, it will be forwarded to the Forum for approval. This should occur at no later than the first Forum meeting in May 2002.
