Re: Internal Affairs Report to Forum

This report is intended to highlight a few of the campus initiatives and projects directed under GSA Internal Affairs.

GSA Academic Councils:

- Council rosters are all in! Thank you!!!
- GSA Council Presidents' dinner took place on Monday February 25th at 6:30 PM at Shamshiri Grill in Westwood. It was nice to see the council presidents "off-campus." I was glad to see potential collaborations come out of the dinner among different councils.

GSA Student Interest Groups:

- SIB will meet on Tuesday March 11th at 6:00 PM in GSA Conference Room. We will discuss the possibility of having an SIB year end reception using funds available through the SIB discretionary.

Student Activities Center Board Of Governors:

- We had a meeting last week and approved a resolution that will provide funds for the construction of the South Campus Student Center. I included the resolution in this report.

Graduate Student Resource Center:

- We're working on the strategic planning for the GSRC. The coordinators of both the GSRC and the GWC will be presenting to Forum next quarter when the strategic plan is finalized.

GSA Appreciation Banquet

- The GSA appreciation banquet took place on February 20th, 6:30 PM, at Acapulco. The total cost was \$2301. \$1301 came from Cabinet Discretionary, and \$1000 came from Forum's Discretionary. Thank you for coming!
