

Hola Bruins! My name is Ernesto Arciniega, third-year Ph.D student in Hispanic Languages and Literatures at UCLA. I am running for GSA President because I am eager to keep up Moving Forward! If you grant me the responsibility to represent you I will fight, once and for all, for affordable student housing! Real causes, real change. If elected, I promise to protect your interests in the UCLA administration and statewide – My vision is to continue outreach to the graduate student body and advocate for your needs and concerns, from more socials all the way to improve the discretionary funding process. As your current GSA Director of Diversity, Inclusion and Community Engagement and President of the Hispanic Latinx GSA, I plan to use my experience working with fellow graduate students for almost three years to bring the voices of underrepresented and underserved graduate students. Let's work TOGETHER and keep Moving Forward!
